

# From Device Management to Digital Employee Experience

How modern management improves productivity, satisfaction and retention

## 186%

Return on investment when enterprises deploy Mac, with payback in under 12 months

Forrester Total Economic Impact of Mac in Enterprise, 2024

The ROI isn't just in hardware savings. It's in what **better device management does** for your people.

### What employees actually experience

- |   |  |
|---|--|
| <p> <b>Manual management</b></p> <ul style="list-style-type: none"> <li> Patch delays leave software slow and unstable</li> <li> New hires wait days for a configured device</li> <li> Inconsistent configs across the fleet</li> <li> Small tech issues compound into low morale</li> <li> Fragmented tooling creates workarounds</li> </ul> | <p> <b>Modern management</b></p> <ul style="list-style-type: none"> <li> Automated patching keeps devices current</li> <li> Zero-touch onboarding: productive in minutes</li> <li> Consistent baselines across every device</li> <li> Proactive remediation before issues surface</li> <li> Unified Apple-native platform</li> </ul> |
|---|--|

### What modern Apple management delivers

<p><b>48 hrs</b></p> <p>Productivity gained per employee per year with Mac deployment</p>	<p><b>20%</b></p> <p>Higher employee retention rates among Mac users</p>	<p><b>50%</b></p> <p>Reduction in data breach risk per deployed Mac</p>
---	--	---

Forrester TEI, 2024

### The shift that makes it possible

<p> <b>Reactive to proactive</b></p> <p>Issues resolved before employees notice</p>	<p> <b>Manual to automated</b></p> <p>DDM automates compliance on-device</p>	<p> <b>Blind to visible</b></p> <p>Real-time fleet health andz baselines</p>
---	--	--

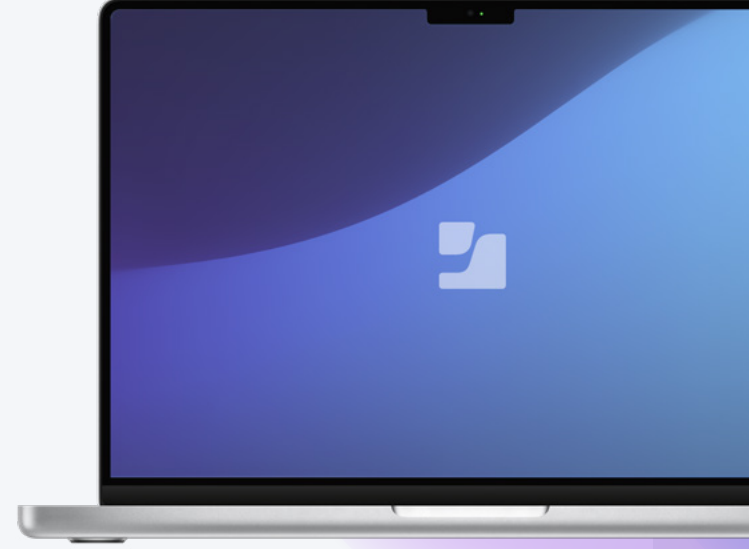

### Why Apple-focused management delivers results

#### CISCO EMPLOYEE CHOICE PROGRAM, 2023

60% of 130,000 employees chose Mac when given the option. Sales teams saw a 9.8% increase in deal creation. IT required 33% fewer admins to support Mac users compared to PC. And Mac was \$148 to \$395 cheaper per device over three years.
