

# iyarn well-being monitor and progress tracker

iyarn checks in with your employees or students to monitor well-being and drive better outcomes.

## Understand employee and student engagement and morale with data-driven insights.

iyarn is easy to deploy with Jamf School or Jamf Pro and offers customizable and flexible check-ins.

Support your end users with:

- Check-in reminders
- Red flag notifications
- Report generation
- Individual and cohort data analysis
- Tailored support resources and crisis support

## Why iyarn?

- ✓ Regular check-ins and reminders keep users engaged
- ✓ It's rich insights help identify trends and facilitate conversations around morale and engagement.
- ✓ Long-term data makes it easier for managers and teachers to provide tailored support to those who need it.

Visit the [Jamf Marketplace](#) to get started with iyarn.

Use Jamf tools you already know, love and trust to deploy iyarn.  
Take Jamf Pro for a spin with a [free trial](#) and see for yourself.
