Tips & tricks to take back to your fleet.

16:45 + **REFRESHMENTS, BITES & NETWORKING**

Full session-to-time breakdown and tracks will be published closer to the event.

SESSIONS

01 Opening Keynote **EN**
An Apple-first platform powered by UI, AI, and APIs, helping admins move faster while delivering technology that simply works for end users. Intuitive management, built-in intelligence, and seamless end-user experiences that reduce complexity and let teams scale with confidence.

02 Enrolment & Identity **DE**
Modern enrolment workflows and Platform SSO. Practical guidance on identity provider integration and when different solutions are the right fit.

03 Declarative Device Management **EN**
A hands-on look at what's genuinely possible with DDM in 2026: configuration, software update automation, and application deployment for a declarative-first approach.

04 OS Upgrade Management **EN**
Managing software updates and OS upgrades at scale. Automation, consistency, and reducing manual overhead across large fleets.

05 Compliance & API Automation **EN**
Use Jamf platform APIs to deploy and manage compliance benchmarks programmatically, build custom reporting, and integrate compliance data with existing security and ops tooling.

06 App Risk & Shadow IT **EN**
Visibility into unmanaged applications and shadow IT across Mac and mobile fleets, and how to use that data to enforce controls and reduce compliance risk.

07 Telemetry & Device Insights **EN**
Getting meaningful signals from your Apple fleet. Setting up and using telemetry data to surface security and operational insights, and how to make the case for it internally.

08 Education: State of the Union **DE**
An EDU-specific session on the latest in Apple management for education: identity, fleet management, and what's new for schools and institutions in 2026.

09 Education: Panel Discussion **DE**
A practitioner-led panel from across the education sector covering real-world challenges, deployment strategies, and lessons learned managing Apple at scale in schools.

+ *More sessions to be announced*

● JAMF NATION LIVE

BERLIN

Beyond the main stages, JNL is designed to help you get the most out of your day, make connections, and solve problems. Choose your journey.

SIX ZONES, ALL DAY

Jamf Mobility Café

Grab a coffee and stay a while. The Jamf Mobility Café is the place to talk through your mobile goals with Jamf experts and leading partners, from fleet management and mobile security to BYOD and user autonomy. Learn about our Mobility Value Calculator, and pick up exclusive swag only available to Café guests.

EXCLUSIVE CAFÉ SWAG

Jamf Nation Hub

Visit the Jamf Community team to talk through your Apple admin journey and connect with like-minded people. Whether you're here solo or just looking to meet others, the Hub is your meeting point. Ready to share? Step in front of the camera and tell your story with the wider Jamf Nation.

SPIN TO WIN PRIZES

Jamf Support

Meet the team behind the tickets. Stop by Jamf Support to explore your options, meet the team and get to know the people who have your back.

Success Lounge

Speak with our Customer Success, Pro Services and Engineering teams about what you're using, what you're not, and what could make your environment work harder for you. Get up to speed on platform APIs, integrations, workflow optimisation, and the latest management and security features, then meet our Product team to discuss what's coming next on the roadmap.

Jamf Love ♥

Love Jamf? Tell the world. Submit a review on G2 and walk away with limited-edition Jamf Love swag, exclusive to JNL. Just bring a screenshot of the completion screen to the booth.
